surfboards

For the new season we are expanding our catalogue by offering more boards for beginners and experts. We keep the boards we have been offering but adding new sizes. Also our product range with wetsuits, accessories, wetsuits, surfskates, SUPs, etc. We have expanded our range of boards with our new Easy Up 7.6 and Mega Up 8.6, for those who need a bit more extra volume.

We continue to improve our boards for the more advanced surfer. We have kept in Performance range the Blade, Vampire Blood and Softop by Gony Zubizarreta, as well as two new boards: UFO and Soft Muscles, which is a midlength, very versatile soft board that we have been working with Lee Ann Curren for all the performance you could ever need. Our "Enjoy" range continues to evolve with new shapes and sizes. The main new addition to this range is that we will have larger sizes available, such as the Rounded Enjoy 7.6 and 8.0.

We continue our successful collaboration with After Essentials, offering our boards with their designs, accompanied by matching UP ponchos. So now you can match your poncho with your board!

In addition to all this, we have 3 sizes of SUP available in different colours. We have surfskates, wetsuits and a wide range of products for everyone who wants to get started, improve or just enjoy the waves and being in nature.

See you on the beaches

BLADE

new
color!

Blade

The Blade is a triffin with "diamond " tail.
It just seems to work in anything from slop to chop waves and even works on good days.

Size	Width	Thickness	Volume
6.0	20"	2 3/4"	36L
6.2	20"	2 3/4"	38L
6.4	21"	2 3/4"	40L
6.6	21"	2 13/16"	41L

UP

VAMPIRE
BLOOD

Vampire blood

The Vampire Blood is a twinfin with a “wing” tail. Easy to maneuver and fast that will help you as far as your imagination allows.

Size	Width	Thickness	Volume
5.2	20"	2 3/6"	30L
5.6	21"	2 5/8"	34L
5.9	21"	2 11/16"	36L

UP

new!

UFO

The new UFO by UP SURFBOARDS is from another galaxy and we named it "UFO" for its similarities with an Unidentified Flying Object, and because it flies above the waves.

With its double rail and volume, it brings with it an extraordinary buoyancy for a 5'9, which allows you to surf flatter waves without losing maneuverability or speed.

Additionally, and again due to the double rail, it is capable of handling bigger weight volumes than any other board with the same dimensions, throwing into doubt the very laws of gravity. This board will allow you surf on the smaller days, no longer needing to grab a bigger board or a longboard.

As an added extra, we have incorporated a Tail Kick which will allow you to press down with maximum strength to make maneuverability easier. If all this isn't enough, it does not need to be waxed, thanks to its special skin inspired on the most terrifying monsters in the universe.

Size	Width	Thickness	Volume
5'9	21 1/2"	2 5/8"	38L

Snake texture.
NO WAX!

UP

**“The fastest and most aggressive
surfboard for progressive surfing
with a softop”**

Gony Zubizarreta

Gony Zubizarreta.

This Gony Zubizarreta soft top is the end result of many approaches and tests that we have carried out, always with the idea of achieving the fastest softboard on the market.

For this we have had the great experience of professional surfer Gony Zubizarreta. After polishing nuances and detailing exactly the boards that Gony had in mind to develop his own model, we have achieved a high performance softboard that responds perfectly to the most aggressive surf.

It is a triffin focused on high-expert level surfers. A fast and maneuverable board at the same time, a perfect tool to push your surfing to the limit on a soft board that will not leave you indifferent.

Size	Width	Thickness	Volume
5'9	19"	2 3/4"	32L
6'1	20"	2 3/4"	38L

A photograph of a surfer in a black wetsuit riding a green wave. The surfer is positioned in the center-right of the frame, leaning forward. The wave is breaking to the right, creating white spray. The sky is a pale blue. Overlaid on the entire image are numerous thick, hand-drawn pink lines of varying lengths and orientations, resembling brushstrokes or rain. On the left side, there is a quote in white text.

**“One of the most versatile
surfboards in my quiver.
It offers comfortable and
progressive surfing in all
types of waves”**

Lee-Ann Curren

SOFT MUSCLES

Lee-Ann Curren.

Soft Muscles

Soft Muscles is the new UP Surfboard designed by Lee-Ann Curren. This softop is the result of our multiple approaches and trials undertaken, always with the objective of obtaining the most versatile of softboards, both stable and maneuverable for a wide range of surfers.

To this end, we have worked closely with Lee-Ann Curren who provides her ample experience as a professional surfer. Having polished general concepts and detailed exactly the boards that Lee-Ann Curren had in mind to develop her own surfboard model, we have achieved a high-performance surfboard that responds perfectly to the widest range of surfing conditions. This is a (trifin / thruster) aimed at intermediate-advanced level of surfers. A surfboard both stable and maneuverable, a perfect tool to enjoy your surfing in multiple wave conditions. From small beach breaks to quality point breaks.
